

GENERAL PRACTITIONER POSITION

1-3 days per week

THE LOCATION

Situated in Singleton, Ungooroo Aboriginal Corporation is just 45 minutes' drive from Newcastle and is close to all major centres in the Hunter Region via the Hunter Expressway.

Singleton is a dynamic regional centre with fantastic educational, sporting and recreational facilities and has private and government schooling to year 12.

With rolling vineyards, colonial heritage and outdoor adventure, Singleton is a delightful riverside town in the Hunter Valley wine region where you can enjoy wine tasting, heritage walks and wonderful international and local concerts.

THE PRACTICE

Ungooroo GP & Health Services is an Aboriginal Community Controlled Health Organisation (ACCHO) general practice that is committed to promoting wellness and chronic disease prevention. We are nationally accredited through AGPAL and endorsed through AH&MRC and NACCHO.

We currently have 1 Aboriginal Health Practitioner; 2 registered nurses and qualified immunisers and we provide our own pathology. We have been endorsed as an Aboriginal Community Controlled Health Organisation (ACCHO) since 2016 and just completed a national accreditation as a General Practice through AGPAL for 2024.

We are accredited with training bodies RACGP and Accrum and provide clinical supervised training to registrars. We offer 10 consultation rooms for GPs and clinical staff and located directly opposite ALTO Radiology

which provides bulk-billing radiology and has an MRI.

We strive to provide a holistic approach to healthcare, utilising our partnership with Rural Doctors Network to provide allied health services such as Physiotherapy, Psychology, Speech, Diabetes workshops, Audiology, Optometry and Mental Health workers.

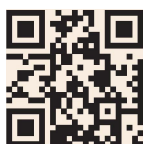

Ungooroo also has partnered with the Primary Health Network to provide the Integrated Team Care (ITC) program which supports Aboriginal patients with complex chronic diseases. This program is supported and coordinated by a Registered Nurse and Outreach worker.

THE OPPORTUNITY

Due to increased community demand and expanding our services, we are seeking several part-time fellowed GPs to work in our Singleton practice 1 - 3 days per week. We are flexible to preferred days. We will also consider General Registration GPs who are working towards fellowship. We strongly encourage GPs who have supervisory qualifications to apply.

BENEFITS OF WORKING WITHIN AN ABORIGINAL MEDICAL SERVICE

- Experience in working with Aboriginal health and community
- Gain experience in holistic approach to healthcare
- Experience in treating chronic disease management
