Ungooroo is now commencing Order 43's

Ungooroo has been approved to recommence performing NSW Coal Order 43 Medicals.

Ungooroo has taken on this initiative where all income derived from the Order 43 medicals goes back into supporting our bulk billing Aboriginal Community Controlled Health Organisation.

What does an Order 43 incorporate?

1. Statutory requirements for monitoring for hazardous substances;
2. Statutory requirements for monitoring for health effects from noise exposure;
3. Attention to priority health issues;
4. General Health and well being components;
5. Identification of health issues important in a safety critical workplace.
