## Who we are

DOOKAL is a 100% Aboriginal owned business that supplies Hi Vis Workwear, Corporate wear, PPE, Promotional Merchandise and unique indigenous designed apparel and products.

Based in the Upper Hunter town of Singleton DOOKAL is owned by Ungooroo Aboriginal Corporation and is community focused in its approach to business with all income generated by the DOOKAL Group supporting the varied range of community-based programs and services provided for the Aboriginal and broader communities of the Hunter and surrounding regions, such as the Ungooroo GP and Medical services.

Aside from general industry based and specific workwear and PPE, Ungooroo's Dookal Group works with businesses to combine their corporate branding with authentic Aboriginal artwork designed to create unique merchandise, sportswear, workwear and corporate clothing.

For many organisations this is an important step in recognising the long history of Indigenous people across Australia and its islands.

## Our Capabilities

DOOKAL endeavours to reflect the social and cultural framework of traditional Aboriginal society by encompassing both traditional and commercial components in their service delivery. In a sense developing a "cultural commerce" through mutually beneficial partnerships and collaborations.

We source our products both locally and internationally to ensure the best deal possible for your business, at the right price without sacrificing quality.

We cater for a range of business needs, from small, mid-sized and large organisations in the public and private sector across a range of industries.

DOOKAL offers a consultative, solutions focused service that suits the individual needs of your organisation.

For our specialist Indigenous designs, we use locally produced designs, or we can work with your organisation to commission one off pieces for uniforms and merchandise. Our artists and designers can help you tell your own story.

We provide quality business-to-business solutions. We work to achieve sustainable Indigenous employment throughout the Hunter Valley and surrounding regions.
